

Quarterly Topical Webinar Series on Disability and Health

Quarter 1:

Building and Updating Your Home for Accessibility March 4, 2010

Summary:

The objective of this seminar is to detail out room-by-room home features and products that are currently available that do not sacrifice aesthetics and style. Listed below are a few of the topics that will be discussed:

- Exterior features for accessibility and curb appeal
- Kitchen design
- Electrical items for safety and comfort
- Bath and shower products
- Flooring that works
- Funding options

Speakers	<i>Catherine Leigh Graham</i> University of South Carolina's Interagency Office of Disability and Health

Quarter 2:

Integrating Disability Awareness and Women's Reproductive Health June 16, 2010

Summary:

This webinar introduces participants to a newly-developed online resource devoted to promoting reproductive health care for women with disabilities. This interactive recorded program, "Reproductive Health Care for Women with Disabilities," was developed through a partnership between the American College of Obstetricians and Gynecologists and the Centers for Disease Control and Prevention, and is designed to be an easily navigable source of information to assist clinicians providing care to women with physical, developmental, and sensory disabilities. The webinar will conclude with a question and answer period.

Speakers	<i>Caroline Signore</i> Eunice Kennedy Shriver National Institute of Child Health and Human Development <i>Jeanne Mahoney</i> American College of Obstetricians and Gynecologists
