

MA Developmental Monitoring and Screening Week

April 12-19, 2023

Join us to

- Celebrate parents and caregivers as the very first teachers of children
- Share information about the importance of frequent communication, positive interactions, and marking milestones to support growth and development of young children
- Raise awareness of the resources available to help children thrive

It's easy to celebrate!

Pick a day during the week and join in the celebration:

- use an existing in-person or virtual event on your program's calendar
- create a new event OR
- build into your interactions with families for the week

Your site will receive:

- Milestone Moments booklets to distribute to children receiving developmental monitoring and/or screening

Register to host a site [HERE](#).
