

**Annual Trainee Contact Update** (formerly known as Mini Survey) (done annually):

- The **Annual Trainee Contact Update** is used to obtain the most recent contact information on an annual basis. Program/Centers are not required to use the annual update; however we have found that Programs/Centers who obtain updated contact information on an annual basis tend to have higher response rates on their follow up surveys.
- This survey should take a maximum of 2-3 minutes.
- The Annual Trainee Contact Update URL is <http://www.aucd.org/nirs/db/update>
- \*\*Don't forget to supply the trainee's unique login and indicate how your Program/Center is listed in the drop-down menu of programs.
