CONFERENCE OVERVIEW

Skill preparation and planning for healthcare transition for children and youth with special healthcare needs (CYSHCN) and their families is inadequate. Less than 50% of families nationwide indicate that their CYSHCN have received the services necessary to make appropriate transitions to adult healthcare, work, and independence. One of the major problems to receiving this care is the lack of a physician workforce trained in providing the services necessary to make the healthcare transition. This conference provides a state-of-the-art update on issues involved in healthcare transition for youth and young adults with chronic illness and disability and their families from pediatric to adult-based services.

Now in its 13th year, the conference brings together internationally, nationally, and locally recognized clinical, policy, legal, research, advocacy, and family experts. Addressing all aspects of transition planning, this conference strengthens the dialogue among healthcare professionals, policy experts, youth and young adults, and family members. For clinicians, the conference includes discussions applicable to both primary and specialty care practice and provides an interdisciplinary perspective on how teams can facilitate the important transition from pediatric to adult-based healthcare. For policy and advocacy experts, the conference provides updates on recent developments. For researchers, it updates recent findings. For parents, teens, and young adults, the conference offers an opportunity to hear practical medical, legal, and insurance information. For all audience members there will be a discussion of the legal issues involved in healthcare insurance during healthcare transition; as well as time to meet and talk with faculty, to exchange ideas among participants, and to share knowledge and insight about how best to plan for a successful transition to adulthood.

TARGET AUDIENCE

Physicians in internal medicine, family practice, pediatrics, psychiatry, and psychiatry; other healthcare providers including, psychologists, social workers, nurses, dietitians, case managers, counselors, and public health officials; primary care providers; youth and young adults with chronic illness and their parents/guardians.

OBJECTIVES

At the conclusion of the conference, participants should be able to:

- Develop methods to transition pediatric patients with special healthcare needs to adult-based care.
- Identify strategies to strengthen collaborative healthcare transition planning between children and young adults with special healthcare needs, parents/guardians, and providers.
- Identify strategies to improve communication between pediatric and adult healthcare providers of children and young adults with special healthcare needs.
- Discuss the key features of the new Affordable Care Act and options for medical insurance for young adults with disabilities.
- Screen children and young adults with special health care needs for neurocognitive deficits and determine appropriate follow up to maximize outcomes.
- Assess the needs of the family as well as the child or young adult with special healthcare needs, with referrals to appropriate community-based services.

EDUCATIONAL METHODS

Lecture ■ Question and Answer Sessions ■ Panel Discussion

EVALUATION

Evaluation by questionnaire will address program content, presentation, and possible bias.

ACCREDITATION/CREDIT DESIGNATION

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 12.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Earn up to 9.0 contact hours by attendance at this activity.

Texas Children's Hospital is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Social Work continuing education units (11.5 hours, including one hour in ethics) for this conference have been approved by the Department of Case Management and Social Work at Texas Children's Hospital.

The presentation, *Legal Issues in Transition*, has been designated by Baylor College of Medicine for .75 credit of education in medical ethics and/or professional responsibility.

DISCLOSURE POLICY

In order to meet the requirements of the Accreditation Council for Continuing Medical Education it is the policy of Baylor College of Medicine that all individuals who are in a position to control the content of a CME activity (activity director, planning committee members, and faculty) disclose relevant financial relationships with commercial interests.

All identified conflicts of interest are managed to help ensure that the educational material is scientifically based, accurate, and objectively presented. Specific disclosure will be made to the participants prior to the educational activity.

FEE, REGISTRATION, AND CONFIRMATION INFORMATION

Refer to the registration form for the fee schedule. Your registration will be confirmed, but not processed until payment is received. If you have not received confirmation at least five business days before the activity start date, contact the Office of Continuing Medical Education (OCME) immediately.

A limited number of scholarships are available for CYSHCN and their parents/guardians. Please contact Valerie Bowman at TRACS@texaschildrens.org for complete details.

If you plan to register on-site, contact the OCME at least 24 hours in advance to confirm activity status and space availability. The OCME reserves the right to limit the number of participants in an activity and will not be responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

To register/pay online visit the activity website at BaylorCME.org/CME/1463 and follow the instructions.

CANCELLATION/REFUND POLICY

Requests for registration refunds must be in writing and received by the OCME at least 10 business days before the activity begins. The date the request is received by the OCME will be considered the cancellation date. Requests received after the refund deadline will not be processed. Cancellations are subject to a \$50 administrative fee deducted from the registration fee paid to cover guarantees and other expenses. Requests should be mailed to the OCME or faxed to 713.798.7955.

The OCME reserves the right to cancel activities, not less than 10 business days before the scheduled date, if extenuating circumstances make it necessary. Registrants will be notified at the contact number indicated on the registration form, followed by written notification. If an activity is cancelled, OCME's liability is limited to the registration fee paid. Note: If payment is made by check, a social security number is required to process the refund.
