

# AUCD POSTSECONDARY EDUCATION (PSE) SIG MEETING

Tuesday, November 19, 2019, 12:00-1:15 pm

Mt. Vernon B, Renaissance Hotel Washington DC

## AGENDA

### 1. Welcome and Introductions

Debra Hart and Cate Weir, ICI Boston, Think College

### 2. Focus of the PSE SIG

This SIG has evolved over the past few years to focus on PSE for students with ID, but there are many other PSE-related issues that AUCD members are interested in (personnel preparation, universal design in PSE, Deaf education, Autistic identity of college students, research, etc.). What should this SIG focus on in the future?

### 3. Purpose and outcomes

What should the SIG be doing/accomplishing?

### 4. Activities

Are there specific activities that the SIG could engage in that would further this mission?  
How and what can AUCD support? (e.g. new guidance from AUCD on SIGs)

### 5. Leadership

Over the past several years, Debra Hart and Cate Weir, staff of the Think College National Coordinating Center at the Institute for Community Inclusion, UMass Boston have led the group. As the direction and purpose is established for the SIG going forward, new leadership may also be considered.

### 6. Policy Update?

The Higher Education Act is up for reauthorization. We will have a quick update on current status
