

## National Training Director's Council (NTDC)

### Annual Meeting Agenda

November 13, 2022

The purpose of the National Training Directors Council (NTDC) is to serve as a focus and forum for the identification and discussion of issues related to preservice and in-service interdisciplinary training. The NTDC functions as a representative voice of interdisciplinary training interests and concerns within the AUCD network, providing timely webinars and trainings focused on specified network training needs. The NTDC influences the development and implementation of national training policies and initiatives and shares best practices and exemplary resources developed and used by LEND, IDDRRC and UCEDD programs across the nation. Learn more about NTDC here: <https://www.aucd.org/template/page.cfm?id=102>. This meeting is open to current NTDC members, other Council membership, and network Trainees.
