Announcements

• NIRS testing completed. You may begin data entry for the current program year.

• Paper Forms will be available soon.

• Resource: PY 2023 / FY 2024 NIRS Calendar

• Data Coordinator Quarterly Call Schedule for Fiscal Year 2024, August 1, 2023 – July 30th, 2024
  – August 8th, 2023: NIRS Kickoff Webinar (4:00 – 5:30 PM EST, zoom)
  – November: Annual Meeting (TBD, in-person, Washington DC)
  – February 28th, 2024: Quarterly Call (4:00 – 5:30 PM EST, zoom)
  – May 30th, 2024: Quarterly Call (4:00 – 5:30 PM EST, zoom)
Demonstration

- Removed option “other” in the Academic Level field to bring the form in line with MCHB’s DGIS forms (see Attachment D, page 15)

- Trainee Dataset > Annual Record (all program types)

- Reports for years prior to PY2022 / FY2023 are preserved for those data
– Added the “Product Duplicates” standard report in the products dataset, under “ALL”
Updated the directory profile submission form to match MCHB’s DGIS forms for the gender field.

Changes reflected in the Directory dataset in NIRS.
Updating the Online AUCD Directory

• Please ask faculty/staff to update their directory profile.

• Two ways to update profiles:
  – Faculty/staff can manage their individual profile on the AUCD Online Directory
  – Managing Directory profiles in NIRS for all faculty/staff (NIRS admins only)
The idea of core funding is relevant only for UCEDDs, as it is a requirement for UCEDDs to leverage their core funds. LEND funding varies across programs, so there is not one funding amount that every LEND has. There are also lots of other MCHB funding sources that AUCD network members might access.
Since NIRS is reporting to MCHB for LEND/DBP/PPC/LEAH and to OIDD for UCEDDs, then:

1) Any UCEDD-only Center should report all its projects, core funding, and all leveraged projects.

2) UCEDD/LEND center/programs should report UCEDD core funding and all leveraged projects, which should include their UCEDD core project, LEND core funding as a leveraged project of the UCEDD, and any other leveraged projects.

3) Any LEND-only program only needs to report to MCHB on that LEND program and nothing else needs to be entered in NIRS.
Question #1: Should a center enter one project with a core value for UCEDD (project type is UCEDD-only or UCEDD/LEND)?

Answer: Yes!
The UCEDD core funding must be added as a separate project, as the back-end logic in NIRS will subtract core funding to determine the leveraged funding amount. If there is not a project with core UCEDD funding entered in NIRS, then the math will be wrong when the logic subtracts the core amount. AUCD and the center know what $$ amount they should enter as core funding because that is the number AUCD (and they) get from OIDD.
Question #2: When a center is UCEDD/LEND, when should projects have a "LEND-only" project type? And is it reported to OIDD?

Answer:
There are occasional cases at a UCEDD/LEND center where a LEND-only project has zero affiliation with the UCEDD, and the center doesn't want to count it as leverage. A project can be entered in NIRS, but once the project is entered in NIRS, it should be marked as a "LEND-only" project type. That will exclude it from OIDD reporting.
If you are participating in the export:

- The export is planned for August, and your NIRS data is uploaded into MCHB’s Electronic Handbook (EHB) in early September.
- MCHB will ensure all grantees participating in the export have performance reports in an “In Progress” status in the EHB before the import begins.
- After the import is completed, MCHB will notify grantees that the data transfer is completed.
- You should then log into the EHB, review your data, and complete additional sections of the report in EHB.
UCEDD Five-Year Closeout Report
Schedule

• Five-Year Final Closeout Report due October 28\textsuperscript{th}, 2023
  – 11 centers + 16 centers with NCE from last year
