

The Road Ahead: Challenges and Opportunities

The Road Ahead: Challenges and Opportunities

- Tension between disability versus developmental disabilities
- Budget cuts and continual need to search for funding to maintain programs (particular challenge with shrinking budgets)
- Changing and varying expectations of funding agencies
- Functioning within University environment

The Road Ahead: Challenges and Opportunities

- Multiple constituencies and collaborators
- Reinventing and restructuring UCEDD
- Enhancing quality of existing systems
- Developing needed supports and services for full community integration
- Responding proactively to and understanding self-advocacy movement

The Road Ahead: Challenges and Opportunities

- Expanding quality and breadth of collaborations
- Impacting generic systems – health, housing, etc.
- Developing next generation of leaders
- Documenting impact
- Expanding diversity of network
