A Webinar from AUCD's Early Intervention/Early Childhood (EIEC) Special Interest Group

**Systemwide Solutions for Developmental-Behavioral Concerns**

Presented by:
Kevin P. Marks, MD, Adriane K. Griffen, MPH, MCHES,
Cordelia Robinson, PhD, RN

February 23, 2016
Webinar Overview

- Introductions
- Presentation
- Q & A after presentation
  - You can ask a question by pressing the * then # key to request the floor. Questions will be answered in the order they are received.
  - You can also submit any questions throughout the webinar via the ‘Chat’ box below the slides.
  - The moderator will read the questions after the presentations.
- Survey
  - Please complete our short survey to give us feedback for the next webinar!
Kevin P. Marks, MD, General pediatrician & Pediatric hospitalist, PeaceHealth Medical Group

Dr. Kevin Marks feels passionate about carefully listening to and promptly addressing parents' concerns about their child's physical, developmental and emotional well-being. He went to medical school at the University of North Carolina-Chapel Hill and completed his pediatric residency at the University of California San Francisco-Fresno in 1998. Dr. Marks takes a comprehensive approach to well-child care for patients 0 through 21 years and works hard to promptly recognize and treat pediatric (and family) emergencies whenever they arise. For this, he has up-to-date Neonatal Resuscitation Program (NRP) and Pediatric Advanced Life Support (PALS) certification. In addition to working full-time as a clinic-based pediatrician, he also rotates as a pediatric hospitalist at Sacred Heart Riverbend. Dr. Marks' area of research and expertise is developmental and behavioral pediatrics.

Cordelia Robinson Rosenberg, Ph.D., R.N., B.S.

Dr. Robinson has professional preparation in Nursing (BS) Special Education (MA) and Developmental Psychology with a research specialty in Intellectual Disabilities (PhD) from Peabody College, Vanderbilt University. She is currently Professor of Pediatrics and Psychiatry at University of Colorado School of Medicine. She has worked in the field of early intervention for children with developmental disabilities as a clinician, researcher and educator of personnel from multiple disciplines since 1973.

Adriane K. Griffen, DrPH (c), MPH, MCHES, Director of Public Health, AUCD

Adriane Griffen, MPH, MCHES, oversees public health efforts for the national headquarters of the Association of University Centers on Disabilities. With over 15 years of experience in the disability and health field, she has specialty areas in health promotion, social marketing, qualitative research, and health education. She is a DrPH candidate at the University of Illinois at Chicago School of Public Health, with a focus on leadership, systems change, and capacity building.
Together We Can

2015 will mark 40 years of IDEA and 25 years of the ADA. Honor the legacy of our past and help build a new future by joining our effort to achieve six national goals by the end of 2015.

http://sixbyfifteen.org/
6 Goals to Achieve by ‘15

http://sixbyfifteen.org/

**Employment**
Six million working age adults with disabilities be part of the American workforce

**Community Living**
At least six states will elect to implement the Community First Choice Option so that their Medicaid recipients with disabilities have access to long-term services and supports in the community

**Education**
At least six additional states graduate at least 60 percent of their students with disabilities with a regular high school diploma

**Transition**
At least six states commit to supporting successful and outcome-based programs and strategies for high school transition services and close the labor force participation gaps for youth and young adults with disabilities

**Healthy Living**
At least six states commit to including people with disabilities as an explicit target population in all state public health programs

**Early Childhood**
At least six states increase by 15 percent the proportion of children ages 0-3 who receive recommended developmental screening
• At least six states increase by 15 percent the proportion of children ages 0-3 who receive recommended developmental screening. At least six states commit to improving cross-system information exchange that supports access to services for children identified by screening.

• Collaboration with partners: CDC, HRSA, AIDD, DOE, Birth to Five: Watch Me Thrive!

• Commentary on connection to services
Systemwide Solutions to Improve Early Intervention for Developmental-Behavioral Concerns

4 bold actions
Action 1: Child- and Family-Focused Early Detection and Care Coordination Entity in Every U.S. State
Action 2: Comprehensive, Tiered, Equitable Approach to Assessing Developmental-Behavioral Needs and Corresponding Supports
Action 3: Universal Access to High-Quality Early Learning Programs and Preschool
Action 4: Continuous Accountability for the Early Detection & Intervention Process, Including Tracking Outcomes (i.e. Developmental-Behavioral Status) at Kindergarten Entrance
• At least six states increase by 15 percent the proportion of children ages 0-3 who receive recommended developmental screening. At least six states commit to improving cross-system information exchange that supports access to services for children identified by screening.
