

PCORI

Council on Research and Evaluation (CORE) Meeting

Meghan Warren, PT, MPH, PhD
Senior Program Officer
PCORI.org

PCORI = Leading Funder of CER in U.S.

CER = Comparative clinical effectiveness research

Key Features of Funded Research & Research-Related Projects

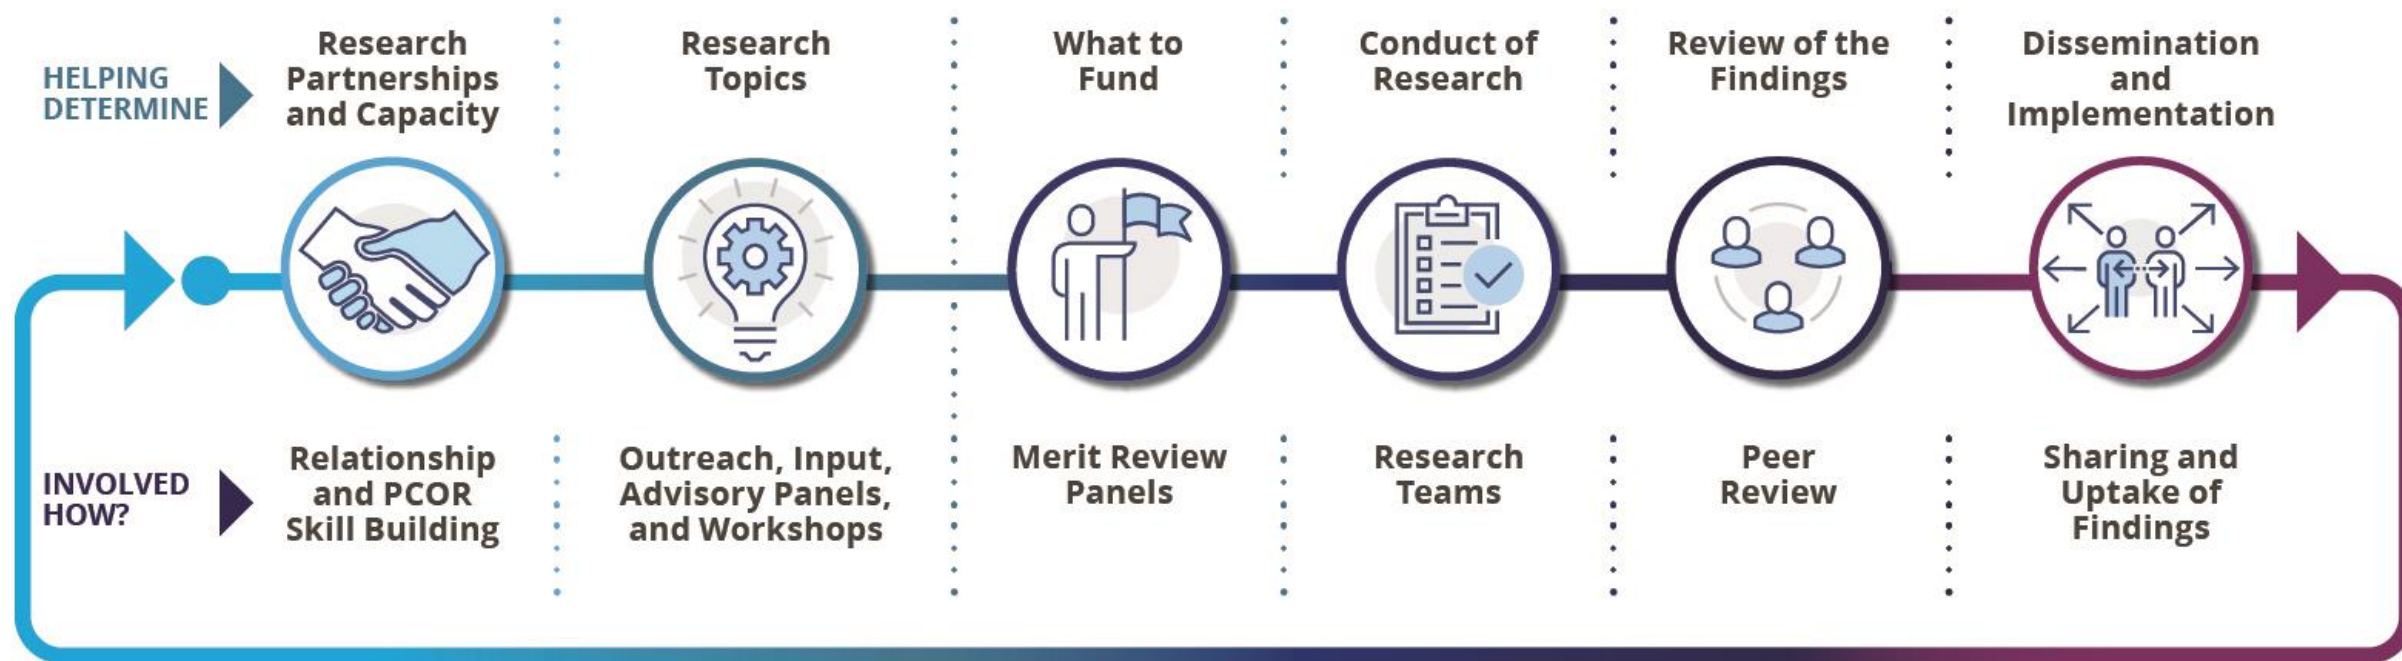

- Engages patients and partners throughout research process
- Compares at least 2 health treatments, services or practices
- Focuses on questions most important to patients and those caring for them
- Aims to produce evidence that can be applied in practice settings

Patient-Centered Outcomes Research Institute

Engagement in Research

PATIENTS AND OTHER PARTNERS ARE INVOLVED IN...

2024 Research Award Funding Opportunities

1. Up to \$5M
2. \$5-12M

Broad Pragmatic Studies

Investigator-initiated awards in alignment with the National Priorities for Health
Three funding categories

Up to \$750K

Methods

Improve use of AI and ML, Improve study design, Support data research networks, Ethical and human subject protections in CER

1. Up to \$1M
2. Up to \$1.5M

Science of Engagement

Two funding categories: Development and validation of measures
Development and testing of engagement techniques

Up to \$22M
for feasibility and
full-scale study
phases

Phased Large Awards for Comparative Effectiveness Research

Large, meritorious, and innovative studies with some risks (Cycles 2 & 3)

Variable

Topical

Stakeholder-driven topics, issues, and questions of national significance

**2025
Cycle opens**

Dec 4, 2024

Apr 1, 2025

Aug 12, 2025

IDD Funding Announcements

Cycle 1 2024: Up to \$12M

- Special Area of Emphasis
 1. Promoting Sleep Health
 2. Improving Health and Quality of Life in Down Syndrome
 3. Improving Care Delivery

**Awards announced:
November 2024**

Cycle 2 2024: Broad Pragmatic Studies PFA

- Special Area of Emphasis
 1. Improving Health and Quality of Life in Down Syndrome

**Awards announced:
April 2025**

2024 Engagement Award Funding Opportunities

2025
Cycle opens

Jan 16, 2025
Jul 17, 2025

*All funds and timeline noted above are subject to change

**57 Engagement awards
funded
(\$11 million)**

- General IDD (28)
- Autism (14)
- Cerebral Palsy (3)
- Down Syndrome (2)
- Rare Disease/IDD (10)

**30 CER awards funded
(\$108 million)**

- Transitions of Healthcare
- Mental Health
- Caregiver-Mediated Interventions
- Sleep Health
- Down Syndrome
- Improving Care Delivery
