This resource is provided in partial fulfillment of tasks outlined in a cooperative agreement (#2 UA5MC11068-15-00) between AUCD and the Maternal and Child Health Bureau (MCHB). The contents of this website do not necessarily reflect the views or policies of MCHB, the Health Resources Services Administration (HRSA), U.S. Department of Health and Human Services, or the U.S. Government.

1.0 Overview

This document provides a crosswalk of federal reporting requirements for Maternal and Child Health Bureau (MCHB)'s training programs (LEAH, LEND, DBP, and PPCs) and AUCD's National Information Reporting System (NIRS). [DGIS Performance Measures](#) and [Program Performance Resources](#) are provided directly from HRSA/MCHB's website. Forms inside DGIS were updated on August 1, 2024.

Assignments and measures are linked at the top of each table and in the references section. Each table contains information on where the data is stored in NIRS and the name/location of the standard report(s) in NIRS for each measure, where applicable.

Standard reports may be accessed in NIRS by clicking on the applicable dataset and selecting "Standard Reports" from the navigation menu. Users may then select the applicable standard report outlined in this document, select the current year from the year selection (where applicable), and click the blue "Run Report" button. Please note that standard reports are generated from data entered by each Program.

As NIRS mirrors federal requirements outlined in the DGIS Performance Measures, please note that the DGIS forms match with the online forms in NIRS. Performance measures noted as "OPTIONAL" in the crosswalk are also listed as optional in the updated DGIS Performance Measure forms. Forms not listed in the tables below do not apply to LEAH, LEND, DBP, or PPC training programs.

For questions about NIRS, please contact NIRS@aucd.org. For questions about DGIS Performance Measures and Program Performance Measures, please contact your MCHB Project Officer.
