Overview of the crosswalk of MCHB Training Program Performance Measures with NIRS standard reports

Program Year 2024 (July 1, 2024 – June 30, 2025)

This document provides the crosswalk of federal reporting requirements for the Maternal and Child Health Bureau (MCHB)'s PEDIATRIC PULMONARY CENTERS (PPC) PROGRAM and AUCD's National Information Reporting System (NIRS).

Performance reports for PPC programs for Program Year 2024/ Fiscal Year 2025 use DGIS V2 forms (the “old forms”). Next year (Program Year 2025/ Fiscal Year 2026), they will report using the redesigned DGIS V3 forms.

Standard reports may be accessed in NIRS by clicking on the applicable dataset and selecting “Standard Reports” from the navigation menu. Users may then select the relevant standard report outlined in this document, select the reporting year from the year selection (where applicable), and click the blue “Run Report” button. Please note that standard reports are generated from data entered by each Program for the reporting year.

For questions about NIRS, please email NIRS@aucd.org. For questions about DGIS Performance Measures and Program Performance Measures, please contact your MCHB Project Officer.

This product is provided in partial fulfillment of tasks outlined in the cooperative agreement #2A5MC11068-15-00 with the Maternal and Child Health Bureau (MCHB). The contents do not necessarily reflect the views or policies of MCHB, the Health Resources Services Administration, U.S. Department of Health and Human Services, or the U.S. Government.
