Overview of the crosswalk of MCHB Training Program Performance Measures with NIRS standard reports

Program year 2025/ Fiscal Year 2026 (July 1, 2025 – June 30, 2026)

This document provides a crosswalk of federal reporting requirements for the Maternal and Child Health Bureau (MCHB)’s training Programs (LEAH, LEND, DBP, PPC) and AUCD’s National Information Reporting System (NIRS). [DGIS Performance Measures](#) are provided directly from HRSA/MCHB’s website. The forms in DGIS were updated in June 2026.

This document aligns the list of assigned forms (Central Forms, Program-Specific Forms, and Additional Data Elements Forms) with available NIRS tool(s) and standard reports. To complete DGIS forms, the user may use standard NIRS reports. This document helps you find relevant reports to answer the questions in DGIS forms.

Standard Reports may be accessed by clicking on the applicable dataset and selecting “Standard Reports” from the navigation menu. Please note that standard reports are generated from data entered by each Program for the reporting year, starting from July 1, 2025, to June 30, 2026. Also, NIRS online forms collect the DGIS required information.

For questions about NIRS, please email NIRS@aucd.org. For questions about DGIS Performance Measures and Program Performance Measures, please contact your MCHB Project Officer.

This product is provided in partial fulfillment of tasks outlined in the cooperative agreement #2A5MC11068-15-00 with the Maternal and Child Health Bureau (MCHB). The contents do not necessarily reflect the views or policies of MCHB, the Health Resources Services Administration, U.S. Department of Health and Human Services, or the U.S. Government.
