

Community Life Engagement in Action

Connecting communities, changing lives.

CLE in Action supports providers working to break barriers that isolate people with IDD, fostering real community connections. Change is tough, but together, it's possible. We believe everyone deserves opportunities for engagement—whether volunteering, joining groups, or enjoying meaningful experiences. A partnership between the Institute on Disability at UNH, the Institute for Community Inclusion at UMass Boston, and ANCOR, CLE in Action is here to help make inclusive communities a reality.

Community Life Engagement in Action provides:

1. Peer to peer learning through the National Community of Practice on Community Life Engagement
2. 30-minute Lunch Break Webinars featuring success stories and strategies
3. Monthly “CLE in Action News” Updates
